

## Sports Medicine: Sports Injury Treatment in Richmond, London

The Forge Clinic specialises in the accurate diagnosis, treatment, rehabilitation and prevention of sports injuries. Whether you are an experienced athlete or a casual enthusiast, injured, in pain or just mysteriously performing below standard, relax - you're in the right place. With on site diagnostic imaging and a fully equipped functional rehabilitation gym we are able to offer comprehensive on site care from diagnosis right through to return to play. Our dedicated specialists not only help in injury diagnosis and prevention but help address nutritional and training problems to complete full and comprehensive sports medical care. Related Links:
